

# Ways to Partner with Valley of the Sun United Way

## INVESTING IN RESULTS THAT MATTER, OUR COMMUNITY FUND

Valley of the Sun United Way is working to advance the common good by focusing on education, income and health through Results That Matter, our Community Fund. These are the building blocks for a good life – a quality education that leads to a stable job, enough income to support a family through retirement and good health.

Our goal is to create long-lasting and measurable changes that improve quality of life for struggling individuals, families and children throughout the Valley. We don't just address the symptoms of a problem. We go deeper to get at the underlying causes.

It takes everyone in the community working together to create a brighter future. Together, we can accomplish more than any single group can on its own. We invite you to be a part of the change by giving back. Your investment in our community will deliver results that make a difference, and together, we can LIVE UNITED by inspiring hope for a better tomorrow.
